

PRESS RELEASE

Innotech Aviation forecasts strong demand for 120 and 180 month Global inspections

Innotech Aviation is very active with 120 and 180 month inspections with five major inspections and refurbishments completed over the past six months. “Innotech continues to focus on our core competency with both Global and Challenger milestone inspections,” noted Rob Brooks, VP and GM Innotech Aviation, “our Accredited Center of Excellence (ACE) is one of the few one stop shops in the industry with full maintenance, cabinet refinishing, upholstery, and dedicated paint facilities.”

“At Innotech, we have developed dedicated maintenance teams to offer complete discoverable snags within 21 calendar days on major inspections”, says Mr. Brooks. He adds: “Our strength comes from over 35 years of maintenance experience on Global and Challenger aircraft conveniently located in Montreal and only 40 minutes flight from New York, Teterboro Airport.”

Innotech Aviation(www.innotechaviation.com), is a division of IMP Group Ltd., a privately-held company recently recognized again as one of the 50 best managed companies in Canada, Innotech Aviation is based in Montreal, and provides interior refurbishment, exterior paint, maintenance, repair and overhaul, avionics installations / modifications, mechanical / avionics design and engineering to the world’s business aviation community.
